

1

## Enabling children to grow up in permanent, safe and caring families

- Preventing unnecessary separation from families
- Supporting reintegration back into families
- Addressing child abuse and neglect in families
- Supporting families to care for children

2

## Ensuring a range of high-quality alternative care choices

- Giving children who can't be looked after by their families a wide range of care choices, which may include:
  - 1.support to extended family carers
  - 2.small scale residential care
  - 3.foster care
  - 4.supervised independent living
- Ending the use of large-scale institutional care, especially for children under three years old
- Making sure that all alternative care is of high quality

# Our Goals

3

## Preventing children from living outside of adult care and, in the interim, protecting these boys and girls

- Helping children living alone on the streets, who have been trafficked or who are living with employers

4

## Promoting better and more participatory decision making about children's care

- Making decisions on children's care on a case-by-case basis, considering the needs of each child
- Enabling children to participate in decisions about their care
- Supporting adults, including parents and other carers, to listen to and learn from children's views

5

## Building strong child protection systems which strengthen families and promote quality care for children

- Achieving large-scale change to support the better care of children through:
  - 1.changing laws, policies and guidance
  - 2.building the child welfare workforce
  - 3.promoting service provision
  - 4.working with governments, communities and civil society
